## DENTISTS IN CONVENTION

Thirty Delegates From Towns of State Discuss Matters of Professional Interest.

At the first session of the sixteenth annual convention of the Utah Dental association held here yesterday afternoon, the delegates from the various towns of the state gathered in the parlors of the Reed hotel. Mayor E. M. Conroy in a short but pleasing address welcomed the dentists to Ogden and was followed by Dr. D. N. Smith of this city, who spoke on behalf of the association of which he is the president. He outlined the work of the different sessions and expressed his pleasure at the increased interest taken by the members of the association.

The balance of the morning session was devoted to transacting the usual routine business. The secretary's report was read and accepted, and the reports of the different committees were received. "Prevalent Diseases" was the theme of an address delivered by Dr. Will Ellerbeck of Salt Lake. Dr. E. L. Townsend of Los Angeles led a discussion on "The Making of Gum Sections, Using Plain Teeth." Dr. Wesley Davis of Salt Lake read a paper on "Preservation of Pulp." Several other interesting papers were presented and discussed. Interest in the convention was maintained throughout the day.

A number of delegates are expected to arrive today. Those who were in attendance yesterday were: Salt Lake—G. F. Stiehl, E. A. Tripp, A. B. Dunford, W. L. Ellerbeck, F. W. Hendricks, A. C. Wherry, L. E. Marshall, H. K. Weber, T. S. Harlan, C. A. Peak, William Broadbent, George Ellerbeck. Provo—J. N. Christensen, C. E. Bottomley. Brigham City—L. H. Berg. Lehi—G. L. Stookey. West Jordan—W. A. Marshall. Kaysville—Joseph H. Grant, Dr. Mitchell. Ogden—Dr. Emies.

Ogden—J. P. Snodaker, D. N. Smith, S. W. Wherry, W. G. Dalrymple, A. D. Barber, F. W. Baker, J. S. Epperson, F. C. Osgood.

The election of officers will be held today, when the business session will close to permit delegates to enjoy a drive to Ogden canyon and partake of a trout and chicken dinner at the Hermitage.

A smoker was given at the Elks' club last evening to the delegates in attendance at the convention of the Utah Dental association. There was a large attendance.

### School Board Meets.

The board of education held a short session last evening and disposed of a number of minor matters. The finance committee reported cash on hand \$38.97. Upon recommendation of the supply committee, the McMillan company of Salt Lake was awarded the contract for furnishing school desks for the ensuing year. There was one other bidder, the Ogden Furniture company, whose bid was \$200 per hundred desks higher. Miss Dora Snow declined re-election as teacher, on account of having accepted a position to teach in Salt Lake.

Say, have you tried those trout and chicken dinners at Calder's? They're just fine.

## WILL GET MORE MONEY.

Increased Appropriation Needed to Make Public Building Larger.

A letter received here yesterday from Senator Sutherland at Washington conveys the information that the increased appropriation for enlarging the new federal building will probably be forthcoming. It is already apparent that the new structure as originally planned will be too small. In fact, the floor space provided for the postoffice is less than that occupied at present in the old building. As a result of this discovery, a request for an additional appropriation was sent in from Ogden. The letter in touching upon this matter says that Senator Scott, chairman of the senate committee on public buildings, has promised that the Ogden matter will be taken care of in the public buildings bill, which is expected to pass both houses at this session. Senator Sutherland had already presented a bill covering this point, which will now probably be permitted to fail. It is expected that congress will adjourn June 23.

## CAN'T FIND THE JAP.

Impossible to Identify Man Who Murdered Deputy at Caliente.

The body of Deputy Sheriff John J. Monahan, who was killed at Caliente Monday, arrived in Ogden yesterday accompanied by the widow and a friend, E. J. Shier. Funeral services will be held at 2 o'clock this afternoon from the Larkin undertaking parlors. Rev. Father P. M. Cushman will officiate. Interment will be in the City cemetery. In speaking of the killing of Mr. Monahan, Mr. Shier said: "Feeling at Caliente against the Japs has quieted considerably, but it would not take much to arouse the citizens to a white heat. The killing seems to have been such an unwarranted affair that it is not to be wondered that the people felt like lashing the Japs. It will be difficult to secure a conviction, as the Japs are banded together and will not divulge the name of the one who did the shooting."

## WOULDN'T GRANT DIVORCE.

Judge Howell Declines to Permit Too Easy Separations.

Judge J. A. Howell created a mild sensation in the second district court yesterday, when he practically turned down two applications for divorce and in doing so informed the attorneys for the fair plaintiffs that they might as well understand now and at some future date that they could no longer trifle with the court in connection with divorce cases. The court, before making this ruling, took a hand in the cross examination of the plaintiff in the case of Blanche Knott vs. Bernard G. Knott and asked the witness several questions pertinent to the case. Mrs. Knott filed the divorce complaint but a short time ago and at the time that the matter became public it created a stir. Judge Howell in questioning the plaintiff clearly indicated that he was not altogether pleased with the testimony brought out. He asked Mrs. Knott if she had not associated with or gone out in company with other men aside from her husband. The witness denied that

she had except when her husband was with her.

This little episode occurred after Ellen Potter, the plaintiff and Sheriff G. A. Sebring had offered testimony. All of the evidence put in was concerning a difficulty between Mr. and Mrs. Knott that occurred at Ogden canyon one Sunday night when the plaintiff had refused to ride home with the defendant, and he said some rude things to her. The court was of the opinion that an agreement to the proceedings had been arrived at between the parties to the suit, and that a refusal on the part of the plaintiff to ride home from the canyon with the defendant did not constitute grounds for a divorce. He then informed counsel that they might withdraw the evidence if they desired and continued the case without date.

The other divorce case that received its quietus at the hands of Judge Howell was that of Nellie Brown vs. Wallace Brown, which was denied by the court on account of not sufficient testimony to warrant the granting of a divorce. The same admonition was administered to the plaintiff's counsel in this case as was given in the Knott case.

### Ogden Briefs.

Joseph P. Critchlow, desk sergeant at the city jail, was operated upon at the Ogden General hospital yesterday for appendicitis. The operation was performed by Dr. C. E. Coulter. He was reported to be resting easily last evening.

Funeral services will be held at 2 o'clock Sunday afternoon from the Episcopal church over the remains of Mrs. Lois Dunbar. The remains may be viewed at 208 Twenty-second street Sunday morning. Interment will be in the city cemetery.

David Jenkins, who was brought to Ogden from the state mental hospital recently to undergo an operation with a view of restoring his sanity, appears to have been entirely cured of his malady. It is thought that he will completely recover.

A divorce complaint was filed in the district court yesterday by Florence Henry against Will Henry, charging desertion. They were married at Reno, Nev., Aug. 20, 1902. In addition to a dissolution of the marriage ties, Mrs. Henry asks that she be permitted to resume her maiden name.

There was a large attendance at the party given in the First ward last evening in honor of Henry E. Taylor, who leaves shortly on a mission to Europe. A farewell reception was also tendered last

evening in the Wilson ward to E. Raymond Bingham, who goes to the same field.

Rev. J. E. Carver will deliver the annual memorial address for the local lodge of the Brotherhood of Railway Trainmen on Sunday next.

## LOWNEY'S BREAKFAST COCOA

Cocoa beans grow in pods on the trunk and limbs of a delicate tropical tree. They contain six times more food value than beef.

We use the highest cost beans that are grown and there is nothing in our cocoa but cocoa.

That is why it is the most delicious of COCOAS.

## GREAT WESTERN WILL STRICTLY OBEY LAW

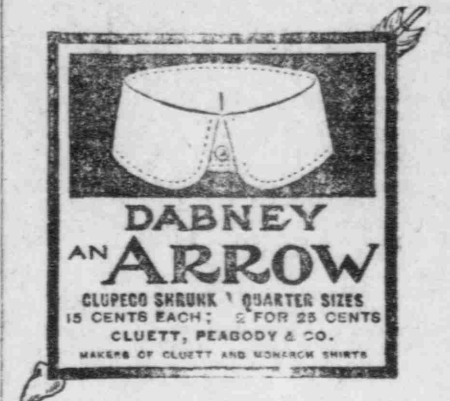

St. Paul, June 22.—President Stickney of the Chicago Great Western railway today formally announced that the Chicago Great Western would stop the practice of granting the "grain elevator rebate."

"These net rates," said Mr. Stickney, "will be the present rates less the 1 1/4 per hundred weight, so the actual rates will be the same as before and the rate will be the same for Peavey & Co., and for the Trans-Mississippi Grain company, who received this 1 1/4-cent rebate, as to anybody else. This is the law and the law must be obeyed."

The new rates will go into effect tomorrow, June 23.
